"CARE CLEVELAND AREA EMS" CRITICAL INCIDENT STRESS MANAGEMENT TEAM

The CARE Cleveland Area EMS CISM Team was developed as a peer support group for the men & women EMD, EMT and Paramedics for the City of Cleveland. These men and women have the difficult job of being first on scene for emergencies which most could not even imagine. Too often these images go home with them – where they struggle to deal with them while living out their own personal lives. Cleveland EMS unfortunately lost one of our own to these stresses. This Golf Outing is in memory of Latino Knotts.

THANK YOU FOR YOUR SUPPORT

Proceeds from the outing will go toward the development of programs and training of the peer group to assist our members – who at times need additional support battling the side effects of PTSD. Taking care of those who take care of others is our goal. Through your continued support, we will be able to achieve our goals of mental wellness and awareness. If you have further questions, contact one of the event coordinators.
